TUSK Partners Opens in Charlotte

Sterling Properties Group is honored to have assisted TUSK in finding the ideal Charlotte location for its startup.

Founded in 2016, TUSK Partners provides M&A Advisory, Capital Solutions and Strategic Consulting services to emerging and established groups and DSOs (Dental Support Organizations) in the dental industry. Since its recent inception, TUSK has quickly become the leading middle market mergers & acquisitions firm for its global clients – advising industry leaders on growth opportunities, capital sourcing and exit strategies.

Innovative by definition, TUSK Partners extends brokerage services, including a digital marketplace, to single dental practice owners as well as provides advisory services and capital-raising alternatives to group practices.

A new dentist exploring the purchase of a first practice or an established DSO working to meet this year's acquisition projections can expect TUSK to offer current and comprehensive industry solutions thereby creating and enhancing greater value for buyers, sellers and all stakeholders.

"When we launched our startup, we knew we were going to need a small office with a relatively customizable footprint in a prime location for a reasonable monthly rental rate and term. Put another way: we were looking for Santa Claus to ride his unicorn over a rainbow to deliver us a pot of gold. Somehow Matt was able to deliver on all of those criteria – and that's what makes him so great to work with.

We were probably his most inconsequential client yet he treated us as if we were his biggest and only client. My expectation is that our business will grow and we'll need a much larger space, and I look forward to working with Matt again."

*- Perrin DesPortes, Jr.
Co-Founder & Partner*
